

TO THE MEMBERS OF West Mount Moriah Baptist Church: Covid-19 presents many challenges to us which will prevent some of you from attending worship over the next few weeks. It is completely understandable why many have to make that decision because of your health concerns. Be sure that we are proactive in taking every precaution and action necessary to put in place protective measures to care for those who do attend. We remain in prayer for all who have been adversely affected by this challenge and believe that God can and will use this for His glory and our good.

I am requesting those who cannot attend to use the [Online Giving Link](#) and contribute online to continue your consistent financial support.

The challenge is great, but I am convinced that tough people with faith in God will outlast tough times.
